Prevention & Healing of Iowa, LLC

____ **Initials**

Informed Consent

I, _____, have sought medical care at Prevention & Healing of Iowa (PHI). I do this of my own free will, because I believe that the functional, holistic approach to medicine that is practiced at PHI is more in keeping with my own philosophy of health and well-being.

The nurse practitioner (NP) at PHI is board-certified, licensed in the State of Iowa, and can employ standard, orthodox drug therapy for medical management as well as refer you to physician specialists when indicated.

____ **Initials**

Office Policies and Procedures for Nurse Practitioner

1. We must have this **signed/initialed** "Informed Consent and Office Policies and Procedures for Nurse Practitioner" form returned with your completed Health History form in order to schedule the initial visit.
2. There must be a VISA, Master Card, or Discover number on file to hold your first visit. **If you do not use a credit/debit card, you will need to send a check for the initial consult fee along with this signed policy prior to reserving your first appointment.**
3. You will receive a courtesy reminder phone call in advance of your appointment(s).

____ **Initials**

____ **Initials**

Child Care

We ask that another adult come with parent(s) of young infants/children seen in our clinic. This allows us to provide optimal treatment and communication with the parent(s). There may be follow-up consults where it is not necessary to have the child/client along.

____ **Initials**

Telephone Consults/Questions to the Practitioner

1. Since the practitioner is not in the office every day, it is possible you may not have a return call or voice mail response that same day.
2. Due to the volume of phone calls and each individual's differing degree of severity of health care needs, a reserved telephone appointment with the practitioner may be necessary at the above rate.
 - a. **These telephone/Email/Documentation/Orders/Script fees are customary to most phone consults and will be billed to your credit card account at the time of phone consult.**

____ **Initials**

Cancellation Policy

A cancellation on the day of your appointment is inconvenient to other patients waiting for an appointment and costly to PHI. If you need to cancel or reschedule, kindly do so **24 hours in advance** or you will be charged for that appointment as indicated below.

____ **Initials**

Insurance Payment/Reimbursement of Services

Although Prevention & Healing of Iowa's NP does not contract with health insurance carriers or submit claims, we do provide the following to assist you in filing for reimbursement with your particular carrier:

1. A statement itemizing payment of services.
2. A medical claim form (delineating services provided, by whom, with diagnostic and procedure codes) and cover letter directing your insurance provider to direct reimbursement to you, not PHI.
